Instructions: In a table (Table 9), list sequentially, by entering year, all predoctoral students who were, or are, supported by this RISE grant (past 8 years only, if applicable). For each student provide: 1) name; 2) year of entry into RISE; 3) prior institution and degree at entry; 4) name of research mentor; 5) source of support during each year of training, e.g., this RISE grant, another training grant (specify), research grant, university fellowship, individual fellowship (specify), etc.; 6) research topic; 7) degree and year awarded, and 8) for students who have completed the

program, their current positions, rank and/or title and institutional affiliations, and (optionally) grants obtained. Enter all trainees who received support from this grant including those who did not complete the RISE program for any reason.

Explain coding of source of support in a footnote. For example: R= this RISE grant, RG = research grant, UF = university funds, TA= teaching assistantships, TG = another training grant, F = individual fellowships (e.g. university fellow, NRSA, NSF, foundations, etc.).
